

The 4th Annual Wyatt Russum HEROES Invitational

Sponsor / Donor Form

Wyatt's Story: On August 4th of 2015 we found out that our son Wyatt Russum had ALL Leukemia. The type Wyatt had was very high risk B cell found in his blood, bone marrow, and spinal fluid (which surrounds the brain). Jen and I spent 5 straight weeks together in the hospital room with our son. Only the single days a week I would travel home for supplies and to auctioneer at Crumpton. Since then we have had numerous week stays and once in October a fever that kept us there for 21 days. While at the hospital, we met an incredible group of young men from the Theta Chi Fraternity at the University of Delaware. These young men "adopted" Wyatt into their Fraternity. Wyatt looks forward to the boys visiting every time we are in the hospital. Their visits allowed Jen and me to eat lunch in the cafeteria or just get out of the room for an hour. I can't even begin to tell you what these young men have done for my son and for my family. I tried to think of how to pay these young men back (just a little) for what they have done. Then all of the sudden it hit me, what's better than a fishing trip? So this is where the idea of a fishing tournament came. I told Kyle, the young man in charge, I want to provide the guys from the Fraternity with a fishing trip. The Frat guys will have to pay the entry fee into the tournament but I am going to provide boats for them to fish on. Hell, it's the least I could do. The reason I am asking for Sponsors is to help pay for boats for these

young men and offset the cost of the tournament. All sponsors will be fully recognized at the Weigh In/ Fish Fry. I am also looking to provide a boat for other Hero's who are fighting childhood cancer, like my son Wyatt. This will be where a child and parent can join others on a boat together. If I am lucky enough to make this work any money made from the tournament will go towards Wyatt's health bills. I am hoping for this to be an annual event. In the future, I really want this to be my pay back/or pay forward and I want proceeds in the future to help local families going thru the same things we are going thru. Unfortunately at this point Wyatt still has a long journey ahead. Thank you all for your consideration and generosity.
